Jacksonville, FL; 13th March, 2009—Sight & Sound Productions provided audiovisual and décor support as a Silver level sponsor for the Tom Coughlin Jay Fund Foundation's annual Wine Tasting Gala on March 6th at the Modis building in downtown Jacksonville.

Senior Project Manager Jennifer Trent used flameless candles, decorative jars of pasta and bunches of grapes to adorn the tables in the “grotto” area that she created on the second level. Wooden lattice pieces draped with ivy framed the cozy, softly lit area, embodying an Italian vineyard theme. Downstairs, in the main lobby, guests encountered a stage set featuring plasma screen monitors displaying event information and messages from the Foundation, while smooth jazz was piped through the speaker system set up by Sight & Sound's team. Additional plasma screen monitors were strategically placed amongst the wine and food booths, while amber uplighting gave the room a warm glow that complemented the evening hour. Wine barrels and crates completed the theme of the event.

The Jay Fund provides emotional and financial support for children with leukemia and other cancers and their families. Sight & Sound Productions is proud to support the Jay Fund in its endeavors.

Sight & Sound Productions has been serving Northeast Florida's audiovisual and event production needs for over 22 years. The company has expanded its operations nationwide, and continues to provide first-class customer service for its clients in addition to participating in sponsorship opportunities that support the community.
